A Message from the Acting Dean:

Dear daughters & Sons,

I would like to convey my sincere congratulations to every one of you (my beloved daughters & sons) for being able to join Fakous Faculty of Medicine, Zagazig University. You are about to start a new chapter in your life, taking a step towards fulfilling your dream of becoming a physician, a respectable profession that will not only change your own life, but also the lives of others.

I highly encourage you all to pursue your perseverance and dedication that allowed you to be here with us, and we at Fakous Faculty of Medicine are committed to making you armed with science, knowledge, skills, and professionalism that allow you to begin your medical career on a strong base. I wish you the best in your future endeavors, and as a member of the Fakous Faculty of Medicine staff, we are proud to be part of your journey towards a shinning future full of success and achievements.

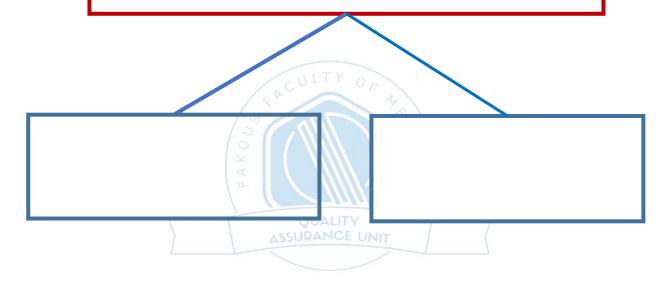

Prof. Dr. Waleed Abd-Elfattah Ismaeil

Heads of the administrative structure of the faculty:

Acting Dean Of Fakous Faculty of Medicine Prof.Dr. Waleed Abd-ElFattah Ismaeil

Faculty chief director: Mr. Students' affairs director: Mr.

: تاريخ الكلية] History :

Fakous Faculty of Medicine was established in the Fakous in Sharkia Governorate - as one of the faculties of Zagazig University - based on the decision of the Supreme Council of Universities on 7/18/2019 and the Prime Minister's Decree No. (2146) for the year 2019, authorized by His Excellency the President of the Republic No. (279) for the year 2018.

أنشئت كلية الطب البشرى بمركز فاقوس بمحافظة الشرقية - كأحد كليات جامعة الزقازيق - بناء على قرار المجلس الأعلى للجامعات في 2019/7/18 وقرار رئيس مجلس الوزراء رقم (2146) لسنة 2019 بتفويض من فخامة رئيس الجمهورية رقم (279) لسنة 2018 .

:[رؤية الكلية]

Fakous Faculty of Medicine - Zagazig University aspires to be a distinguishable center in medical education & scientific research and to be a real partner in community development and upgrading the health system locally, regionally and internationally.

تطمح كلية الطب البشري - بفاقوس - جامعة الزقازيق أن تكون مركزا متميزا في التعليم الطبي والبحث العلمي وأن تكون شريكا فعلا في تنمية المجتمع والارتقاء بالمنظومة الصحية محليا وإقليميا ودوليا.

:[رسالة الكلية] Mission

Fakous Faculty of Medicine - Zagazig University - is committed to applying quality standards to graduate doctors who are able to meet the health needs of society through more specialized and advanced scientific research and in accordance with professional ethics, and in partnership with all concerned parties.

تلتزم كلية الطب البشرى بفاقوس - جامعة الزقازيق - بتطبيق معايير الجودة لتخريج أطباء قادرين على تلبية الاحتياجات الصحية للمجتمع من خلال المزيد من الأبحاث العلمية المتخصصة والمتقدمة ووفقا لأخلاقيات المهنة ، وبالشراكة مع كافة الأطراف المعنية .

Faculty official website:

http://www.fakmed.zu.edu.eg/faculty/default

Here you will find lots of information, beneficial links, important advertisements and more.

Faculty management system:

http://zumis.zu.edu.eg/zagazig/UI/LoginPage.aspx

Use: to access exam results, payment, and many other faculty services.

Student number and Official email:

Creation:

Upon acceptance, a student number and personal e-mail will be created for each student. You can receive your student number from the student affairs office and the official e-mail from the IT office.

Use:

- *The student number is your ID in addition to your name. You will be recognized by your number in all schedules, exams and any kind of listings.
- *Your official e-mail is very important and beneficial. It offers you all up-to-date services of Microsoft office 365.

You will use your official e-mail to:

- Register in any educational course offered by the faculty.
- Retrieve your exam results.
- Communicate with other medical schools abroad.
- Create an EKB account. The Egyptian Knowledge Bank (EKB) has a huge electronic library which contains a vast number of information resources from international libraries and publishers. You will use it to reach any kind of scientific information during your years of study and after graduation. To create your account visit www.ekb.eg.

Attributes of the graduate of Fakous Faculty of Medicine,

What do we educate our students to do?

• The Medical Graduate must:

- 1. Work to maintain health and promote human wellbeing.
- 2. Behave professionally and adhere to medical ethics.
- 3. Provide quality & safe patient-centered care, focusing on primary health care and dealing with common health problems in his/her community.
- 4. Value the importance of a good doctor/patient relation, & work to establish & maintain it.
- 5. Work effectively with other health care professionals respecting their roles & their contribution to the team.
- 6. Recognize his/her role as a part of health care system, respecting its hierarchy and rules & using his managerial and leadership skills to add value to the system.
- 7. Contribute to the development & empowerment of his community.
- 8. Work as a lifelong learner on his/her own continuous professional development, including being equipped to engage in post- graduate & research studies.

The Integrated Learning Model: القيم الحاكمة للبرنامج التكاملي لبكالوريوس الطب والجراحة بالكلية

- 1.دمج مفهوم الجودة الشاملة والتعليم الطبي المستمر في المنظومة التعليمية للطالب
 - 2. تحقيق مبدأ المساواة وتكافؤ فرص التعلم بين الطلاب
- 3. التركيز على تعليم الطلاب مفاهيم وأسس الأخلاقيات وحقوق الإنسان في المجالات الصحية والخدمات الطبية .
 - 4. ترسيخ الالتزام بالمبادئ الأخلاقية المتعارف عليها كالأمانة والاحترام والتقدير.
 - 5. تعزيز مناخ التعاون والعمل بروح الفريق بين الطلاب.
 - 6. بناء ثقافة الإبداع والتميز في أداء الطلاب أثناء المستويات الدراسية المختلفة .
- 7. ربط الطالب بمنظومة التعليم والبحث العلمي في المؤسسات العلمية والبحثية على المستوبين الاقليمى والدولي.
 - 8. تعزيز الشعور بالانتماء الوطني لدى الطلاب.
 - 9.الأولويات لضمان وسلامة الطالب والمريض والفريق الطبي .

Program map 1st year

Semester 1 [16 credit hours]

- 1. Societal Issues
- 2. Academic English for Medical Students
- 3. Structural & functional principles of Human body
- 4. Disease & defense Mechanism of human Body

Semester 2 [20 credit hours]

- 1. Musculoskeletal & Integumentary Systems
- 2. Blood, Lymph & Immunology
- 3. Respiratory System
- 4. Professional Health Care Practice I
- 5. Student Selected Component (SSC)

QUALITY ASSURANCE UNIT

2nd year

Semester 3 [20 credit hours]

- 1. Cardiovascular System
- 2. Respiratory System
- 3. Kidney & Urinary System
- 4. Professional Health Care Practice II
- 5. Academic English for Medical Students
- 6. Student Selected Component (SSC).

Semester 4 [20 credit hours]

- 1. Digestive System
- 2. Nervous System & Behavioral Sciences
- 3. Professional Health Care Practice II.
- 4. Student Selected Component (SSC).

3rd Year

Semester 5 [21 credit hours]

Endocrinal System

Reproductive System & development Student Selected Component (SSC) Introduction to clinical practice

Semester 6 [20 credit hours]

Preventive medicine & Infections

Nutrition

Healthcare Systems and Services

Professional Health Care Practice

4th Year

Semester 7 [22 credit hours]

- 1. Cardiovascular Disorders
- 2. Respiratory Disorders
- 3. Kidney & Urogenital Disorders
- 4. Disorders of ear, nose & Throat

Semester 8 [21 credit hours]

- 1. Nervous & Psychiatric Disorders
- 2. Musculoskeletal & Integumentary Disorders
- 3. Disorders of eye & its Adnexa
- 4. Professional Health Care Practice
- 5. Student Selected Component (SSC)

5th Year

Semester 9 [22 credit hours]

- 1. Endocrinal Disorders
- 2. Female Reproductive Medicine and Surgery I
- 3. Child Health Problems
- **4. Female Reproductive Medicine and Surgery II**

Semester 10 [23 credit hours]

- 1. Digestive System disorders
- 2. Hematology, Immunology & Oncology
- 3. Surgical Emergencies
- 4. Medical Emergencies

Exams & progression from one level to another:

The minimum study limit for the integrated program for the Bachelor of Medicine and Surgery (5+2) is five Academic years divided into ten main semesters, followed by two years of clinical training.

Two main semesters are allocated for each academic year.

Phase I:

It consists of five semesters (first to fifth) (S1- S5): units are studied Integrative educational (System based modules) that includes basic medical sciences with applications clinically by 10% to 20% (ten to twenty percent).

Phase II:

It consists of five semesters (Sixth to Tenth) (S6-S10): in which science is studied as Clinical modules in the form of system-based modules that include retrieval for basic medical sciences by 10% to 20% (ten to twenty percent).

The evaluation system is based on verifying students' achievement of the intended learning outcomes of the program adopting the concept of constructive alignment, including Formative assessment and summative assessment.

Formative assessment (التقييم التكويني)

- يجرى أعضاء هيئة التدريس امتحانات تكوينية خلال فترة تدريس الوحدات التعليمية بهدف قياس مستوى إنجاز الطلاب لنواتج التعلم المستهدفة مما يؤدى إلى إكتشاف التعثر الدراسي ومعرفة أسبابه لإتخاذ الإجراءات التصحيحية اللازمة.
 - يلتزم أعضاء هيئة التدريس بتقديم تغذية راجعة للطّلاب مبنية على نتائج التقييم التكويني توثق الإمتحانات التكوينية ونتائجها والإجراءات المترتبة عليها في ملف إنجاز الطالب ASSURANCE UNIT
 - لا يتم حساب درجات هذه الإمتحانات ضمن درجات الإمتحانات الفصلية .

الإمتحانات الفصلية وشروط دخولها

تعقد الإمتحانات الفصلية في نهاية الفصول الدراسية على النحو التالى:

- الفصل الدراسي الأول : في شهر يناير.
- الفصل الدراسي الثاني : في شهر يونيو .
- الفصل الصيفي) حال إنعقاده (: قبل بدء العام الدراسي التالي.
- ويجوز لمجلس الجامعة وبناء على توصية من مجلس الكلية تعديل مواعيد الإمتحانات وبخاصة في الفصل الدراسي الأخير (\$10).

تشكل كل مرحله دراسية بالبرنامج مرحله منتهية ونجاح الطالب في الوحدات التعليمية التكاملية الأفقية متطلب أساسي للإنتقال الي المرحلة الدراسية التالية بمقرر أو أكثر من الآتي : - وحدة / اللغة الإنجليزية - وحدة / مقرر القضايا المجتمعية . - المقررات اللإختيارية .

مع تطبيق جميع شروط اللائحة في التقويم ومنح الدرجة.

- ✓ يكتفى بالامتحانات الفصلية في نهاية الفصل الدراسي الأول والفصل الدراسي الثاني والفصل الصيفي ، دون عقد امتحان دور ثاني لهذه
 الفصول .
 - ✓ يعقد امتحان للطلبة المتعثرين بعد نهاية المرحلة الأولى وقبل بداي6 لمرحلة الثانية ، لمساعدة هؤلاء الطلبة على اختياز المرحلة الأولى .

شروط دخول الطالب للإمتحان:

- إستمرار القيد للدرجة.
- إستيفاء الطالب نسبة 75% من ساعات الحضور المقررة للأنشطة التعليمية للوحدة التعليمية ∖ المقرر المعنى .
- لا يسمح للطلبة المحولين الي الكلية بدخول الإمتحانات النهائية (الفصلية) إلا بعد إستيفاء ساعات الحضور المقررة للأنشطة التعليمية للوحدة التعليمية سواء عن طريق الحضور بكلية الطب البشري بفاقوس أو تقديم ما يثبت إستيفاءهم لها بالكلية المحول منها (معتمدا من مجلس الكلية في حاله الجامعات في حاله الطلاب الوافدين).

التوزيع النسبي لدرجات الامتحان الفصلى:

- امتحان تحريري: 40 % من الدرجات الإجمالية.
- امتحان إكلينيكي/عملي: 30 % من الدرجات الإجمالية.
- امتحانات دوريه والتكليفات العملية وأعمال السنة: 30% من الدرجات الإجمالية.

(15% Quizzes, 10% active learning activities, 5% Assignment).

تشتمل ورقه أسئلة التحريري لكل وحده تعليمية على أسئلة موضوعيه:

Objective Questions (Multiple Choice Questions, Matching, True/False, Text input.....ect) (خمسين بالمائة 50 %) بنسبة لاتقل عن

وتستكمل الأسئلة باسئله قصيرة الاجابه (modified Essay Questions طبقاً للتوجيهات التى ترد من لجنة الرامب بلجنة القطاع الطبي ,على أن تتوافق الأسئلة ذات الإختيارات المتعددة مع معايير التقويم والقياس المطبقة في بنك الأسئلة المصرى.

- ✓ درجة النجاح في المقرارات الإختيارية وحقوق الإنسان واللغة الإنجليزية هي 60 % ولا تضاف درجاتها إلى المجموع التراكمي .
- ✓ يتراوح زمن امتحانات نهاية الفصل الدراسي من ساعة إلى ثلاث ساعات بما يتناسب مع الوزن النسبى للوحدة التعليمية
 وقياس نواتج التعلم المستهدفة من المقرر /الوحدة التعليمية.

الإمتحانات العملية واإلكلينيكية:

يتُم تقيم المهارات العملية واإلكلينيكية بواسطة اإلختبارات العملية أو اإلكلينيكية الموضوعية المهيكلة.

- Objective Structured Practical Examination (OSPE)
- Objective Structured Clinical Examination (OSCE)
- Direct Observation of Procedural Skills (DOPS)
- تتم مالحظة وتقييم أداء الطالب في كل امتحان أل OSCE أو OSPE أو DOPS وفقا لقائمة التحقق المعدة لذلك والمعلنة للطالب مسبقا Checklist.
