## Keynote speakers

**Ahmad Hably, PhD HDR**

GIPSA-lab, Grenoble INP-UGA, Université Grenoble Alpes, France.

**Keynote Title: "Recent Advances of Harvesting Wind at High Altitudes (AWE)"**

**Bio:** Ahmad Hably (senior Member, IEEE) received the B.S. degree in electrical engineering from the Lebanese University Beirut Lebanon in 2004 and the M.S. degree and the Ph.D. degree in automatic control from the Grenoble Institute of Technology Grenoble France in 2005 and 2007 respectively. After one year as a Researcher with the LIRMM Laboratory Montpellier France, he joined the University Grenoble Alpes, Grenoble, as an Associate Professor with the Grenoble Image Parole Signal Automatique Laboratory (GIPSA-Lab) Automatic Control Department.

Now he is the head of the COPERNIC research team in the data science pole of Gipsa-lab and head of the international Master MARS of UGA.

His research interests include electrical vehicle integration nonlinear control predictive control for energy systems and airborne wind-energy systems.

**Prof. Ahmed Hussein Ibrahim, PhD.**

Zagazig University, Egypt

**Keynote Title: "Impact of Digitalization on Achievement Performance of SDGs"**

**Bio:** Prof. Ahmed Hussein Ibrahim obtained PhD degree in Construction Industry Management. He has twenty five years of experience in the field of Construction Engineering & Management and fourteen years multi experience, knowledge, research in Construction Industry, Industrial project, Commercial, and Projects planning, scheduling, controls duties and field engineering.

Ibrahim owns updated knowledge about construction technologies and extensive knowledge of Primavera, Microsoft Project, MS Office, MATLAB, UDEC, FLAC, Visual Basic, FORTRAN, Java, and Simulation languages.

As project management consultant, Professor Ahmed Hussein Ibrahim's work comprises the following: leading the planning, scheduling, progress, and changing management development for the three phases (Engineering, Procurement, and Construction) of the project, reviewing and approving of construction plan, reviewing and approving of the workflow diagram, planing and scheduling, developing the risk management plan, monitoring and control of the financial plans, managing the project resources, organizing the work of subcontractors, tracking engineering and construction s-curve progress or monthly progress report preparation.

**Prof. dr. eng. Abdelazim M. Negm**

Water and Water structures Engineering Department, Zagazig University, Zagazig, Egypt.

**Keynote Title: "Risk management and crisis response in higher education in the Digital Era"**

**Bio:** Abdelazim Negm held the professor of Hydraulics and Water Resources position in Water and Water Structures Engineering Department at Faculty of Engineering, Zagazig University, Zagazig, Egypt.

He worked as a demonstrator in the Faculty of Engineering, Zagazig University in 1986 and continued till he occupied the position of vice dean for Academic and Student Affairs. He worked for Egypt-Japan University of Science and Technology (E-JUST) as a professor of Water Resources since Dec. 2012 until Sept. 2016 and chairperson of Environmental Engineering Dept. at E-JUST since March 2013 until March 2016.

He published more than 350 scientific papers in national and international Journals and conferences, 25 edited books and about 50 book chapters. He participated in more than 90 conferences and was a keynote speaker in several national and international conferences. He has awarded the prizes of the best papers three times. His research areas include hydraulic, hydrology and water resources. Currently, he is very interested in sustainability studies, sustainable development and green environment in addition to water resources management.

Prof. Negm is a member of IAHR and the head of the Egyptian permanent scientific committee for Water Resources (115) for the promotion of associate and professorship positions for the cycle 2019-2023 and was the vice head for the cycle 2016-2019. He is a member of the editorial board of several scientific journals including IJESD, EJRS, AJES, JEST, JHGGM, ENRRJ etc and a member of the scientific committee and organizing committee of several Int. Conferences, associate editor-in-chief for IWTC and was a member of the organizing committee of Oceanography 2015, and IWTC2013-IWTC2017. Additionally, he is the secretary general of the IWTC from 2013 until the year 2017. He was the head of the ZU committee for assessment of the scientific publications of ZU faculties until Dec. 2018. He published 12 contributed volumes

## Conference publications

Proceedings of the International Conference on Interdisciplinarity in Engineering.

## Important dates

**Deadline for papers submission:**

May 28<sup>th</sup>, 2023 June 16<sup>th</sup>, 2023

**Authors notification of acceptance:**

June 28<sup>th</sup>, 2023

**Camera-ready papers:**

August 15<sup>th</sup>, 2023

**Authors registration:**

September 1<sup>st</sup> - 19<sup>th</sup>, 2023

**INTER-ENG 2023 Conference:**

October 5<sup>th</sup> - 6<sup>th</sup>, 2023

during the years from 2016-2019, in the Handbook of Environmental Chemistry (HEC) series, by Springer Nature. Recently, 15 contributed volumes will be published under the Springer Water series in (2020) and . He is the editor-in-Chief of EIJEST (Faculty of Engineering, Zagazig University), associate editor of IWTJ (IWTA) and EMJEI (Springer) and Guest editor of AJGS – Springer. He is the principal investigator of several international projects including the smart greenhouse and automated irrigation project which is funded from STDF of Egypt and BC of the UK. Recently, he is a member of the editorial board of the HEC series, Springer Nature.

He is listed in (a) Marquis Who is Who? for more than 10 years until now, (b) IBC's 2000 Outstanding Intellectuals of the 21st Century, and (c) ABI directory for his achievement in the field of Hydraulics and Water Resources. He was nominated for many other awards from both IBC and ABI.
